

## i-tec USB-C Metal 4K HDMI Docking station

i-tec USB-C Metal 4K Docking Station, Video 1x HDMI, 1x GLAN Ethernet, 4x USB-A 3.0 including 1x Fast Charge port, 1x Audio / Microphone Jack, / 1x 85W USB-C Power Delivery Port, On/Off Switch, for Laptops, Tablets, Windows & Mac OS, Compatible with Thunderbolt 3

### Product Description

Expand the world of your possibilities! Using one single cable, you can convert your USB-C or Thunderbolt 3-based notebook or tablet into a powerful, multifunctional workstation that connects you with all your accessories as well as a powerful monitor. Installing this docking station is extremely simple - just plug in the USB-C cable and get it done; your operating system will take care of the drivers installation. The docking station allows you not only to connect your favourite device with the USB interface, but also to charge your notebook through the USB-C port up to

85W. Do not limit yourself with the notebook display area and connect to an external monitor up to 4K (3840x2160@30Hz) through the HDMI interface. With an integrated LAN port, you can connect to the computer network and the Internet safely, easily and quickly (the station supports 10/100/1000 Mbps). You do not have to worry about WIFI interception, signal interference, and you will also save electricity.

This docking station offers you four USB 3.0 ports that, thanks to backward compatibility, will be able to work not only with your USB 3.0 and 3.0 devices but also with 2.0. One of the ports on the docking station is also equipped with the BC 1.2 specification, which means that your USB device (such as a mobile phone or tablet) will be charged up to 4 times faster than via a conventional USB port! you will appreciate full multimedia experience at work or entertainment in complete privacy with an integrated audio jack that lets you connect your headphones and microphone.

To ensure unimpaired video signal transfer, the video signal output from the notebook/tablet, encapsulated in USB-C signal, must comply with the [VESA DisplayPort standard](#). Without this, a fault (i.e. image flickering) may occur. Notebooks that do not automatically comply with the VESA standard, for example the ACER Switch Alpha 12" or ACER TravelMate X349-G2-M, may still work, although the video quality cannot be guaranteed.

The use of this docking station is very versatile and cross functional - it is compatible with virtually all laptops that are equipped with the USB-C charging port and the so-called DP Alternate Mode (i.e. video streaming).

## PRODUCT SPECIFICATIONS

i-tec P/N	Product Description & EAN
C31METAL4KDOCKPD	USB-C Docking Station with 2-pin EU power adapter, EAN: 8595611702235
C31METAL4KDOCKPDUK	USB-C Docking Station with 3-pin UK power adapter, EAN: 8595611702334

Hardware	
Bus Type	USB-C
Displays Supported	1
Connectors	
HDMI	1 (4K resolution up to 3840x2160@30Hz)
USB 3.0 Type A	4 (incl. 1x fast charging port with spec. BC 1.2)
RJ-45 female	1 (10 / 100 / 1000 Mbps)
USB-C 3.1	1 (for connecting docking station to host, for charging laptops with support for Power Delivery)
Audio	1x 3.5 mm input / output

System Requirements	
Hardware	Notebook or tablet with Windows, Mac or Google OS. Available USB-C port with Display Alternate Mode and Power Delivery support, or a Thunderbolt 3 port.

Operating Software	Supports Windows 10 32/64bit, Mac OS X, Chrome OS and Android 6
	To ensure unimpaired video signal transfer, the video signal output from the notebook/tablet, encapsulated in USB-C signal, must comply with the <a href="#">VESA DisplayPort standard</a> . Without this, a fault (i.e. image flickering) may occur. Notebooks that do not automatically comply with the VESA standard, for example the ACER Switch Alpha 12" or ACER TravelMate X349-G2-M, may still work, although the video quality cannot be guaranteed.

#### Power

Input Voltage	100 - 240 V AC
Input Current	2 A
Output Voltage	20 V DC
Output Current	5 A
Power Delivery	60 W (for MacBook Pro 15" Late 2016 max. 85 W) EU 2-pin adapter included

#### Physical Characteristics

Colour	Space Grey
Housing Material	Aluminium
Product Dimensions (l x w x h)	95 x 91 x 32 mm
Product Weight (excl. packaging)	375 g
Product Weight (incl. packaging)	1304 g
Packaging Dimensions	186 x 167 x 95 mm

#### After Sales Service

Warranty Period	2 years
Technical Support	Product Lifetime

#### Package Contents

1x USB-C Docking Station	
1x USB-C cable (length 100 cm)	
1x 100W power adapter with EU 2-pin plug (total cable length 360 cm)	<u>UK version only:</u> 1x 100W power adapter with UK 3-pin plug (total cable length 360 cm)
1x Quick Start Guide	
1x USB-C Docking Station	
1x USB-C cable (length 100 cm)
